This building is on the south side of the west end of the central road running through the ordnance area. It is a concrete igloo covered with dirt. Built in 1942, it measures 26 feet-5 inches by 60 feet-7 inches and was erected by H & D from plan 652-1012. Also referred to as an "Ammunition Storage Building", it consists of two parts, each buried and each with a concrete faced portal facing each other. The structure seems to be in good condition.
